SONOMA VALLEY RECYCLED WATER PROJECT

The Sonoma Valley County Sanitation District (SVCSD) has prepared a Response to Comments Addendum, Final Environmental Impact Report (EIR) to respond to comments received by SVCSD on the Draft EIR for the Sonoma Valley Recycled Water Project (State Clearinghouse No. 2005092083, September, 2006). The Draft EIR was circulated for a 53-day public review period, which closed on November 7, 2006. The Response to Comments Addendum, in combination with the Draft EIR, constitutes the Final EIR. In accordance with the California Environmental Quality Act (CEQA: Public Resources Code, Section 21000 et seq.) this Final EIR has been made available to the public for a minimum 10-day period, and copies have been forwarded to the individuals and agencies providing written comment.

The Final EIR includes written responses to the comments received during the public review period. SVCSD will consider certification of the Final EIR, adoption of Findings and Mitigation Monitoring and Reporting Plan (MMRP), and approval of the Sonoma Valley Recycled Water Project, at the end of this 10-day period. The Sonoma County Board of Supervisors will consider certification of the Final EIR at its regularly scheduled meeting at 8:30 a.m. on December 12, 2006, at the Board of Supervisors Chambers, 575 Administration Drive, Santa Rosa, California. If you have any questions or comments regarding the information presented in this letter, or would like copy of the Final EIR, please feel free to contact: Amy Harris Mai, Senior Specialist, Sonoma County Water Agency, (707) 547-1958. Additionally, copies of the Final EIR have been distributed to the following public locations:
